

The Rogue 3,944 square feet

Oregon's Rogue River Basin is one of the largest river systems in the Lower 48. From high in the Cascades to the estuary at Gold Beach, anglers fish the mainstem for Chinook, steelhead and coho.

THE ROGUE

MAIN LEVEL FLOOR PLAN

The Rogue is our most traditional and largest plan, which, in cabin terms, translates to big groups or possibly multiple vacationing families. An expansive grand room is spacious enough for gatherings of extended family, while private areas such as bedroom suites are separated on two levels and on either side of the home. The kitchen, dining, Sportsman's Room and project areas are similarly clustered. A less open plan offers a few cozier and more intimate spaces. But with accommodating and versatile gathering areas, the Rogue is great for entertaining.
